

ROVVERX

ROVION®

CTL90 Wireless Portable Control™

Portable control for the main functions of the robotic system, guaranteeing the operator precision during video inspection from the outside of the mobile unit.

Technical data – CTL90

Camera RCX90	360° infinite rotation Pan & Tilt
Crawler RX130	Forward feed
	Reverse feed
	360° rotation on the same axis
Electronic lift RED200	Lift upwards/downward
Reel RAX300	Automatic winding
	Speed increase/decrease
Construction	Plastic (ABS)
Battery	x2 AA
Battery life	>60 hours
Buttons	Membrane type
Indicator	Power LED
Scope	>5 meters distance

- Ergonomic and lightweight
- Operator's belt holder
- Maximum field durability
