

RED200 RX130 Elevator Ø 300 mm - 3048 mm

For inspections with pipe diameters of more than DN 300 up to DN 3048mm your ROVION system can be upgraded with an optional elevator. This elevator can automatically be moved up or down through the control panel thus offering perfect centering of the camera unit inside the pipingsystem in each and every inspection situation.

Technical data - RED200
